

To Chucks potential clients.

We have been blessed to have been referred to Chuck Pechin through our dear friend Joedy Gardner. Chuck has helped our entire family numerous times. The time that stands out the most was when my son Klay could not even stand up straight after one of his high school basketball games. After one of Chuck's visits, low and behold he was like new. If anyone would like to hear many other stories such as this one just give us a call - Mychal, Julie, Mychel, Klay & Trayce Thompson
